Vietnam International Trade Fair for Apparel,  
Textiles and Textile Technology

**Experience the textile  
innovations of the future  
today**

# Showcase your products, solutions, and technology across the entire textile value chain

The Vietnam International Trade Fair for Apparel, Textiles and Textile Technologies (VIATT) is set to be the only trade show covering the entire textile industry. On a global scale, Vietnam has the third largest textile industry and is one of the world's highest importers of textile machinery.

According to the Ministry of Industry and Trade, Vietnam's technical textile exports reached over USD 676 million in the first nine months of 2022, up 17% compared to the same period in 2021. Meanwhile, the global technical fabric market is forecast to grow from its current value of USD 42 billion to USD 82 billion by 2032, with VIATT positioned for exhibitors to take advantage.
