

# VIATT

26 — 28.2.2026

Saigon Exhibition and  
Convention Center (SECC),  
Ho Chi Minh City, Vietnam

## Innovation and Digital Solutions Zone

**Innovation and Digital Solutions Zone** is a unique opportunity for start-ups and other emerging technology companies with applications for the textile industry to display their innovations in front of 20,000 trade buyers from 100+ countries. The zone is idea for companies in the following areas:

1. **New fibre materials:** innovations in high-performance fibres (e.g. carbon fibre, aramid), bio-based and biodegradable materials (e.g. PLA, PHA), and functionalised fibres with smart, adaptive, or sustainable properties.
2. **Sustainability & green development:** technologies to facilitate eco-friendly materials, closed-loop supply chains, and greener production processes.
3. **High-performance & functional textiles:** cutting-edge textiles for medical, military, aerospace, industrial and other applications.
4. **Intelligent manufacturing & digital transformation:** including automation, smart production lines, and digital tools to modernise the textile industry.

### Special package for Innovation and Digital Solutions Zone exhibitors

- Prime booth location to maximise visitor engagement
- Complimentary speaking slot at fair's seminar programme
- Pre-show digital and social media promotion opportunities

**Participation fee:**  
starting from US\$4,140 (9sqm)

**Application deadline:**  
21 Nov 2025

Spots for Innovation and Digital Solutions Zone are **limited, first-come first-served.**
